In Marion, Spring Time is Art Time

ArtWeek is returning to Marion this year **April 26 – May 5**, but in the time leading up to then, it's an entire Art Month at the Elizabeth Taber Library, with plenty of events to inspire the artist in you.

Anyone can stop by the library and create their own pin back button to hang on the library's growing button mural that is beginning to sprawl across the wall near the children's section. The library will provide all the supplies while you provide the creativity.

From **April 14 – 16**, the library is hosting comic craft drop-ins where you can create art inspired by your favorite comic books.

Join fellow budding artists on **April 22** from 3:00 pm – 4:00 pm for a little session of Jackson Pollock-esque drip art painting.

Then on **April 29**, stop by the library from 3:00 pm – 4:00 pm for an event titled "Rock Painting & Transformative Art Program."

Pre-register for these events if you'd like by calling 508-748-1251, or drop by to see what everyone else is making.

The Marion Art Center (MAC) has released its schedule of events for ArtWeek, with 12 unique events over 10 days, all focused on music, theater, history, visual arts and crafts, and arts experiences for children, seniors, and families.

With the help of generous donors from ArtWeek 2018 and community partners such as the Council on Aging and the Sippican Historical Society, the MAC is able to offer a multitude of programs in keeping with the ArtWeek mission to offer events at low cost to the public. Many ArtWeek events at the MAC are free!

Witness a poetry knockout between Walt Whitman and Emily Dickinson, join an authentic New Orleans-style jam session, bring the kids to make instruments and costumes out of recycled materials, or paint your own coastal scene while tasting some great wines for the season – all during ArtWeek at the MAC,

On the Cover: Pin the button on the mural – It's Art Month at the Elizabeth Taber Library in Marion, and you can drop by any time and create your own button to add to the library's own ever-sprawling button mural. Ahead of ArtWeek at the Marion Art Center from April 26 – May 7, the Taber Library is hosting several art-inspired events throughout the month of April. (See the story above for details) Photo by Jean Perry

April 26 – May 5.

There is a Jazz Jam at the MAC on **May 4**, 7:30 pm – 9:30 pm (\$12 per person). Sit in on an authentic New-Orleans-style jam session with professional musicians. Bring your instrument, or just listen and enjoy!

Come by for some Irish step dancing at the MAC, **April 27**, 4:30 pm – 6:00 pm, and enjoy a free a performance. Stay after for a free lesson in dance! Fun for the whole family!

On **April 27**, come by for the Process Art Party: Found Object Instruments from 10:00 am - 11:30 am. This free kids and family workshop incorporates art making, music, and movement!

There is a MAC New Play Reading of "Cedar Beach", written by Mark Howland: on **April 29**, 7:00 pm - 9:00 pm. Hear a reading of an original play and join the discussion during a feedback session! This event is free!

Then it's Dickinson vs. Whitman, the Poetry Knockout on **May 3**, 7:00 pm – 9:00 pm (\$10 per person). Come see a poetry dual and enjoy original readings by local poets. Submit your own poem to the MAC for a

chance to read.

There's a Feng Shui Workshop on **April 26**, 7:00 pm - 9:00 pm (\$15 per person), when you can join Cid Tamagno, Feng Shui specialist and artist, for this fun and creative workshop.

Join the MAC for a Cecil Clark Davis Walking Tour and Tea on **April 28**, 2:00 pm - 4:00 pm (\$5 per person). The event starts at the Marion Music Hall for the guided tour, and see the works of Marion's own Cecil Clark Davis.

Why not join Jill Sanford for a special program titled "Art for Your Mind: Why So Famous?" Ever wonder why some artworks are so famous? Find out on **April 30**, 7:00 pm - 9:00 pm (\$5 per person).

On **May 1** is "Paint and Sip at the MAC" from 7:00 pm - 9:00 pm (\$30 per person). Try out painting with water-based acrylics while sipping wine in a relaxed workshop and take home your own painting.

Shibori Scarves with Jodi Stevens is scheduled for **May 2**, 6:00 pm - 9:00 pm (\$35 per person), when you can learn Shibori dyeing techniques and take home two scarves of your own.

The Council on Aging is hosting "Seniors & Children: Create & Connect" at the Benjamin D. Cushing Community / Senior Center on **May 4**, 10:00 am - 12:00 pm, a free, fun, intergenerational program where you can create a colorful, decorative tray in a workshop designed for seniors and children.

Then it's the MAC Sidewalk "Sale-abration" on **May 5**, 11:00 am - 4:00 pm (free). Join us for a big sidewalk sale, family-friendly activities, and more! Chalk painting in the street with artist Tracy Barbosa will take place from 1:00 pm - 3:00 pm.

Registration is now open for ArtWeek. Visit www.marionartcenter.org/artweek.

ArtWeek, presented by Highland Street Foundation and produced by the Boch Center, has become an annual award-winning innovative festival featuring hundreds of unique and creative experiences that are hands-on, interactive, or offer behind-the-scenes access to artists or the creative process. ArtWeek was born in Boston in 2013 and has since expanded to serve communities across Massachusetts. Statewide partners include the Mass Cultural Council, Massachusetts Office of Travel & Tourism, as well as Mass Center for the Book,

Build That Boat

Submitted by Erin Bednarczyk

The second annual Boat Building Seminar took place under clear skies on Saturday, April 4, a perfect spring day in the lot next to the Rochester Fire Department. Art Benner, chairman of the Boat Race Committee, greeted each visitor and got them started with registration, a map of the Mattapoissett River course, race rules, and boat-building tips.

"The race was founded in 1934 by Jim Hartley," Benner recounted. "I got involved with the boat-building when I was a kid in 4H. ... There is no charge to enter the race, so the raffles really help. Even road races have registration fees ... but we've been doing it this way all

along."

Many visitors were quietly purchasing \$5 raffle tickets – sometimes one ticket, sometimes 20. The sunlit array of boats, paddles, great info, and the nearby RMS playground drew people to visit the Rochester Fire Station to learn more.

The race is legendary in the Tri-Town, and a point of pride for Rochester, with close ties to the Rochester Fire & Rescue Department. Among the boats on display was a well-worn craft from 1978, which was much wider and more flexible than the ones built in more recent years. Paddles have also changed and carbon fiber paddles are now favored for being extremely strong and lightweight. Two different types of these paddles were on display to be raffled.

"These paddles are the best. I made these and I make several different kinds which are similar," said Rochester Firefighter Bill Watling, III, as he held his son David while his daughter, Katelyn, hugged his leg.

Long-time participants like Gary Stopka of Rochester spent years paddling with their kids, and then handed the paddles off when their teens were eager to pair off and set their own records.

"Yes, they'll be back this year to defend their record," said Stopka of his daughter Caitlin who is from Rochester, and her race partner, Emma Knox of Mattapoisett. Both are college freshmen and living in different states.

There is always a great party at the finish with food and beverage concessions provided by the RFD. Proceeds benefit Rochester Fire & Rescue.

Important dates for this year's race include the following: Registration dates are Friday, May 10, and Friday, May 17, 6:30 pm at the Rochester Senior Center. Starting position drawing is Friday, May 17, 8:00 pm at the Rochester Senior Center. Ham and Bean Supper is Saturday, May 25, 5:00 pm at the Rochester Senior Center. Race date is Memorial Day, Monday, May 27, 8:30 am. The Awards Ceremony is Monday, May 27, 7:30 pm at Rochester Memorial School.

Carreira's Spanish classroom, Lily Govoni, Class of 2019 at Old Rochester Regional High School, expressed her desire to create a knitting club to teach other students how to knit. Lily is a very kind and talented student, and Señora Carreira did not hesitate to say, "Let's do it!" The idea was to have a group of students share patterns and spend time in a calming activity to help reduce the stress that many students experience in high school.

Together, they gathered ideas and yarn from their own old projects, and formalized their thoughts. By the end of September, they had already spoken with many students and came up with the perfect name: "Knit OR Crochet Club."

The first idea that came to Lily's mind was to use the club to help others. Next, the club was approved to be a community service opportunity, and they began to work on the logo and advertisement of the club. During the ORRHS Clubs

Fair in the fall of 2019, many students expressed excitement about joining the "Knit OR Crochet Club." The first meeting

was held October 3, 2018, with 24 students. Currently, there are 12 regular knitters and many other students who come when the academic load allows. The club has met every Friday during Bulldog Block.

"It is amazing how well the kids work together," said Carreira. "They arrive with a lot of enthusiasm and love to knit. Many students have taken projects to complete at home and many have come up with different ideas. We all have learned from each other. Everyone is welcome!"

After the club was established and began to grow, they were in need of more materials, including crochet and knitting needles, to keep on working. Some students began knitting with pencils and needed more yarn to keep working.

The knitting club presented the idea to the

Wareham

Student Council at ORR, hoping to be awarded some money to buy what they desperately needed. Student Council opened a spot in its meeting agenda and, after the students finished their presentation, the Student Council voted "yes" with a unanimous consent, allotting \$200 for the club to buy more supplies.

With the materials, and after four months of work, students were able to complete 44 hats, 13 scarves, 12 headbands, and three pairs of mittens.

On Wednesday, March 20, some of the students brought the handmade donations to the Extreme Weather Overflow Shelter at Sister Rose House in New Bedford, where residents and volunteers received them with a very warm welcome. Shelter Volunteer Coordinator Robin Muise had the students introduce themselves, and then everyone gathered to pick their handmade items. It was a very special moment for all of them, filled with lots of compliments and appreciation for the students' handiwork.

"The Knit OR Crochet has amazing kids with big hearts," Carreira said. "I am very fortunate to be the person supporting their great ideas and I am very proud of them! I believe this is only the beginning. We plan on keep on knitting so we can make another donation in November of 2019 before the weather gets extremely cold. Now, we want to learn how to make gloves."

But the club needs the community's help with acquiring some more yarn and supplies to continue the community service.

"We appreciate all donations of yarn you may find at home [or on sale while you're shopping] so we can continue fulfilling our goal of helping those who experience the uncomfortable feeling of being cold in the winter months," said Carreira on behalf of the entire club.

Please contact Diana Carreira, or bring the donations to the Main Office at ORRHS. Any knitting and croqueting materials are welcome, and the students will make more beautiful projects with your help. Thank you very much in advance for your support.

New Town Administrator a First-Time TA

Marion Board of Selectmen

By Jean Perry

He might not have the position of town administrator listed on his resume, but James "Jay" McGrail had enough relevant experience for the Marion Board of Selectmen to make haste on April 8 and offer McGrail the job as Marion's new town administrator.

McGrail, a resident of Sandwich, told the board he was honored to be called in as a finalist for an interview, and described his 15 years as the director of operations for a municipal recreational facility, his one term on the Sandwich School Committee, and his current

position as the director of facilities for Sandwich Public Schools.

It was during his employment at the Town of Hingham-owned South Shore Country Club that McGrail said he found his vocation in municipal management.

"That job helped me realize that one of the passions I have is municipal government," said McGrail. "It was no question; I went to that [position] as a golf course guy and left ... as a municipal manager."

It was during this time that he gained experience in operating budgets, enterprise funds, working closely with other department heads, growing revenue, preparing agendas for the country club committee, learning about municipal law, project procurement, policy setting, and

town meetings.

After a term as a school committee member during which he gained experience in contract negotiations, strategic planning, and building budgets, McGrail said he was recruited by that school district's superintendent to fill the position of director of facilities, gaining further experience in employee management in project oversight. He also oversees the daily operations of the individual wastewater treatment plants located at each school, of which there are three, and it was this direct experience that only McGrail had of the three finalists interviewed that day. McGrail has even been going up against the Department of Environmental Protection with similar issues as the Town of Marion has with the DEP.

"All that experience ... has guided me to the reality that what I want to be is a municipal manager," said McGrail. In fact, he added, the Sandwich town manager has helped McGrail in guiding his career path, and McGrail has earned an MMA-Suffolk Certificate in Local Government Leadership & Management.

"Can you drive a trash truck?" Selectman John Waterman asked him, eliciting a chuckle amongst the selectmen of a town rife with trash truck woes.

During his first 90 days as town administrator, McGrail said he would focus on "building a team" and developing relationships with department heads and the various boards and committees, both elected and appointed.

"I'd develop a Monday morning meeting with key departments," McGrail said, as a way of planning ahead for each week. "I'm not going to say any ridiculous statement like I will make a lot of changes right away, but what I want is to develop those relationships ... so, when we work together on these complex problems, we're all coming from the same side of the table."

McGrail said he would also like to act fast to make the Town's website more robust with more in-depth information to foster transparency, and he might even include a few podcasts for downloading.

McGrail said he believes in open communication with the townspeople and said his door would "always be open."

"At the end of the day, you can't make everybody happy," McGrail said, "but you can listen to people's concerns, respond – even if it's just a quick email. ... It goes a long way. I get complimented quite a bit on my responsiveness to emails and how accessible I am to people, and I think that helps people feel more confident. ... Hear them out and listen to their concerns."

Marion has some unique potential for business development, thinks McGrail, especially if mixed-use commercial and residential is embraced.

"You don't want to lose 'Marion'; it's why people live here," McGrail commented – of course, he added, the wastewater treatment plant and the availability of municipal sewer to new business would have to be sorted first.

"None of this stuff is going to be quick fixes, but,

if we can show progress across the board, that would be great," said Waterman.

After the interviews and with the board's employment consultant Bernie Lynch on hand, the decision to hire McGrail seemed imminent.

"After listening to all three of them, I guess I would gravitate towards Jay as the most significant candidate," said Selectmen Chairman Norm Hills. "The presentation – he's done a lot of the things we need."

"He came across stronger than he looked on paper," said Waterman.

McGrail was initially overlooked as a finalist, but after one of the two finalists withdrew from consideration two weeks ago, the committee tasked with searching for a new town administrator revisited their short stack of qualifying applicants.

Hills said he was impressed by McGrail, and Selectman Randy Parker added, "I kind of like Jay, myself. I think he's anxious to get into municipal government. It sounds like he's willing to learn."

"Should we take a vote?" Hills asked.

"Oh, definitely," said the eager-to-retire Town

Administrator Paul Dawson.

Parker suggested setting up contract negotiations right away, because, "We have to make sure the steps are immediate. I'm not so sure, he might be a finalist in another town."

Lynch confirmed that yes, indeed, McGrail has been chosen as a finalist for another town.

"Let's call him," Dawson said, sounding even more eager.

At that, vote to hire McGrail was swift and unanimous.

The board also interviewed former Aquinnah Town Administrator Adam Wilson and Barnstable Treasurer Debra Blanchette.

McGrail's employment is subject to successful contract negotiations that will begin on Thursday, April 11 during an afternoon executive session.

Town Reviews Budgets as Town Meeting Approaches

Mattapoisett Finance Committee & Board of Selectmen
By Marilou Newell

It's no small task to prepare financial documents, warrant articles, bylaw language, and numerous departmental budgets in advance of the Annual Town Meeting. Mattapoisett Town Hall has been buzzing with action as department heads and committees get ready for the big night on May 3 at 6:30 pm in the ORRHS auditorium.

24 HOUR EMERGENCY SERVICE

On April 3, the Finance Committee sat down with Administrator of Assessing Kathleen Costello, whose duties also include managing the information technology systems utilized by town departments.

One major software package was discussed – Geographic Information System Mapping Technology, known as GIS.

Costello said the program was being successfully used by the Building Department and the Assessor's Office. GIS integrates data allowing real-time information exchanges. She said that while staff members are out in the field performing various functions, GIS gives them timely critical data via handheld tablets. Also using the system with great success is the harbormaster's office, she

added.

The GIS costs around \$24,500 Costello said. With the addition of the Board of Health and other upgrades, costs would rise to approximately \$54,000. In-house technical expertise has been instrumental in keeping costs reasonable, she added, and Costello envisions a point in the future when the Police and Fire Departments might also be tied into the program.

Also meeting with the Finance Committee on this night was Highway Superintendent Barry Denham. While a wide range of needs, projects, and projections were discussed, things got a bit bogged down when Denham brought up the maintenance needs of the Town Barn located on Mendell Road.

Previous town meetings had appropriated funds for some items like new windows and wash down drainage, and some of the appropriations have been used while about \$217,000 has not. According to Denham, a complete building improvement program that includes pending upgrades and other needed renovations were estimated at \$600,000 by Cape Building Systems; however, FinCom didn't understand why the unspent money wasn't subtracted from that sum.

"It important to cost the balance of the work," versus including work previously identified and appropriated, Town Administrator Michael Gagne said.

Of road improvement projects for which the town had anticipated receiving Massachusetts Department of Transportation funding, Gagne said, "Most projects have been kicked into 2023." That included the village streets improvements proposed for Main, Water, and Beacon Streets.

On April 5, the Mattapoisett Board of Selectmen talked numbers holding a working meeting to discuss the ORR School Committee's proposal for a \$2 million bonding request for improvements to outdoor athletic fields and the auditorium lighting, with Marion picking up 28 percent of the costs, Mattapoisett 34 percent, and Rochester 36 percent, figures based on student enrollment, according to Gagne.

Gagne said it was necessary to have that request processed through Capital Planning and ranked with other needs presented on the 10-year investment plan. Selectman Jordan Collyer also questioned if the project

Fence Installation • Cobble Aprons
Tree Service • Landscape Maintenance
Irrigation Systems • Walkways and Patios

508-763-4143 • 508-889-8338

had been cycled through the ORR capital needs process.

There are still questions that need answering, said Gagne, and those questions will be sent to the ORR School Committee via letter. He plans on asking them to meet with the Capital Planning Committee to ascertain where this proposal ranks in the ORR Capital Plan.

The Selectmen expressed concern that a project of this size would have a negative financial impact in spite of the shared costs.

"It's a borrowing that will require a two-thirds vote," Gagne explained, saying that all three towns would have to agree. "My feeling is it is going to be a debt service," he stated, adding, "you do not have the capital in the levy to fund this."

Mattapoisett Library Director Susan Pizzolato brought forward some library personnel needs, and she explained that the library and the community would benefit from the hiring of a paraprofessional, a position that had formally been part of the library structure, but was split into two part-time positions. She expressed the importance of service continuity, especially with needed computer upgrades and ongoing management of consumer accounts.

"We have two floors and are open 43 hours a week," she said of the demands on her staff. "I'm not proposing to keep all my part-time positions," she explained, but she said needed to plan on how to best to serve a community with increasing needs. Part-time positions are currently paid \$17.30 per hour. The full-time

Jack Conway and Co. welcomes Lauren Kavanagh to their team of sales consultants

Selling real estate is something a lot of us dream of doing, a dream profession. There's something about buying and selling property that makes us excited, and hopeful. It's a time in our lives when change is happening; starting a family, beginning a new job, saying goodbye to someone, so many possibilities.

My husband and I have lived in Mattapoisett full time for 7 years, raising our three sons. I love our community, the people I've come to know here mean the world to me and my family. My father spent his childhood summers here at Crescent beach, and my parents rented the same cottage for 38 years at the Cedars' beach community. Mattapoisett is a great place to live in the summer and year-round.

I would love to meet more people in our community and in the tri-town! Call me, and we can meet for coffee and discuss your dreams of living near the water. Let's meet for a walk in the neighborhood where you might want to raise your family. Buyers and sellers are savvier than ever and know what's on the market. You've already seen the pictures; I can fill in the blanks regarding location, market trends, and home values. Together we can figure out if the property is a good fit for you. I want to hear your story and help you find that happy place.

Please call me at 508-688-9309.

paraprofessional was estimated at \$20.25.

Pizzolato also said that she wished to have the library open on Monday evenings to better serve the needs of the community. This would also allow the library to receive intra-library deliveries with greater expedience.

Another department coming before the selectmen with personnel needs was Jacki Coucci, director of the Mattapoisett Council on Aging (COA).

Coucci said the position of full-time Administrative Coordinator is still vacant, but that several strong resumes had been received. She also said that she wished to upgrade the front desk staffing from senior volunteers to a part-time staff member. Although the work performed by the seniors had been appreciated and well done, she expressed concerns that the discrepancies in skill levels made it difficult to provide adequate customer service. And while she wished to have at least one senior helping to staff the front desk, a professional part-time clerk was warranted, said Coucci. Hourly wages were estimated at \$14,231.

In other areas of the department, Coucci pointed out the increasing demand of COA services, especially for rides to medical appointments.

Earlier in the evening, Carlos DaSousa, chairman of the Marine Advisory Board (MAB), presented a committee report intended to demonstrate how the Waterfront Enterprise Fund could support the hiring of a full-time harbormaster.

The MAB drafted the FY20 budget that included

a full-time harbormaster, four part-time assistant harbormasters, one wharfinger, and expanded hours of service at approximately \$183,450, an increase of \$98,650 from FY19, which DaSousa assured the selectmen could be funded by the enterprise fund. DaSousa explained that revenue for FY19 will come in at \$223,517 and FY20 projections should land at approximately \$271,317.

Selectman Paul Silva expressed concern that 50 percent of the budget is salaries, "And that goes up every year, but fees don't go up every year," Silva said.

The selectmen agreed that some staffing adjustments could bring down personnel costs.

On the matter of staffing the new pump-out boat with costs for that operation being covered up to 75 percent by the state, DaSousa said the town's share would be about \$16,688. The issue of hiring additional staff was debated with Collyer, who said the new full-time harbormaster and their staff will be expected to perform those duties.

"Part of the point was to get staff out on the water," Collyer said, adding that at the end of the first year, the MAB and Harbormaster could review staffing needs.

Gagne said tracking expenses through the boating season would help to establish manpower needs.

"Once we have a full-time harbormaster, we'll be eligible for grants," said Collyer.

While wrapping up his comments, Gagne said a

Colonial Shutterworks

Interior/Exterior Shutters - Historic Replications - Storm/Screen Doors

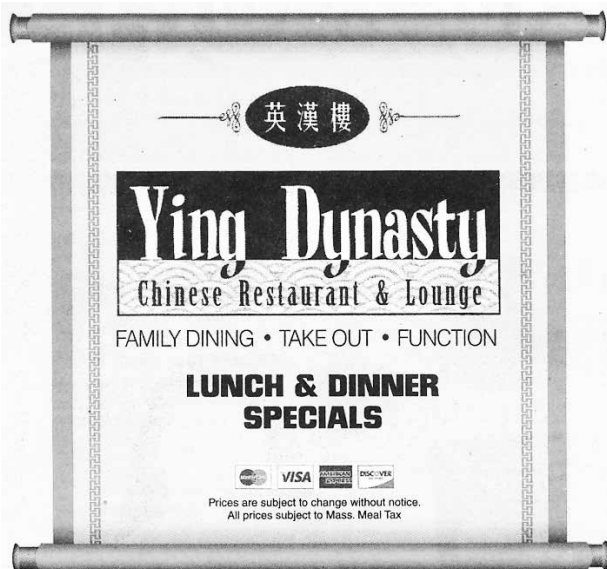

Office: 508-758-9513

meeting had been held with the Finance Committee and the Conservation Commission on the topic of adding new fees for services, and he confirmed that the town could do so without a local wetlands bylaw.

According to Gagne, a 1997 state law allows cities and towns to set fees for specific services that benefited individuals. He said he would work with town counsel to develop a warrant article asking the voters to allow the Conservation Commission to develop a fee schedule for requests for determinations of applicability and certificates of compliance, as well as other in-field services. He said the department currently cannot cover its own \$62,000 annual operating costs.

Selectmen Support MLT Land Pursuit

Mattapoisett Board of Selectmen

By Marilou Newell

During the April 9 meeting of the Mattapoisett Board of Selectmen, the conversations centered on a variety of grants for a variety of projects and propositions for everything from land acquisitions to buying antique fire trucks.

Coming before the board was Mike Huguenin of the Mattapoisett Land Trust (MLT). He enthusiastically discussed a large parcel of land that covered Prospect Road to the water's edge at Pine Island Pond. Marshlands and other tender buffer zones in the 120-plus acres have been for sale by the Hiller family. Huguenin called it a "wildlife corridor" with a \$1.5 million price tag.

Before sharing the MLT's plans for securing funding, Huguenin explained that, beyond the massive wildlife habitat the acreage has been identified as, it also has been recognized by the state as vulnerable wetlands within the municipality, a major watershed area.

Huguenin said the MLT would partner with the Buzzards Bay Coalition to seek and apply for various grants such as the state Land Acquisition for Natural Diversity grant, Municipal Vulnerability Preparedness grant, and a federal North American Wetlands Conservation Act grant. It is the hope of the MLT, he said, that these grants, along with private donations and a grant from Mattapoisett's Community Preservation Committee (CPC), could cover the purchase price. He added that the CPC money would not be necessary if a larger sum is secured through the grant process; however, it would not be spent if other funding sources could not be secured.

Of the CPC grant application, Huguenin said the MLT asked for \$250,000, which the organization would cover via bonding and tax levy. Later in the evening, CPC Chairman John DeCosta confirmed that the committee had voted to forward the grant request to Town Meeting.

Huguenin also asked the selectmen to provide the MLT with a letter of support and approval so they could proceed with grant applications, which the board agreed to do.

DeCosta, flanked by committee members Margaret DeMello and Jodi Bauer, presented the list of CPC grants that were identified for inclusion in the May 13 Town Meeting Warrant. They are, along with the MLT request, \$19,000 for repairs to antique fencing at the Cushing Cemetery; \$15,000 to the Mattapoisett Bike Path for engineering studies for Phase 2; \$20,000 for the renovation of the press box with ADA compliant features for the ORR Athletics Booster Club; and, \$7,500 for the purchase of a 1921 fire engine that originally belonged to Mattapoisett and sought by the Fire Fighters Association.

A grant request that had been withdrawn by Town Administrator Michael Gagne was described by Selectman Paul Silva as critical. The application was for

construction needs at Long Wharf. Gagne assured Silva that the project was not being abandoned, that he was waiting for firmer cost estimates, and that it would be on the radar soon.

"To me that's Mattapoisett," Silva said speaking of the wharf area. "Without that..." The incomplete thought was left hanging in the air.

Also coming before the selectmen was Brendan Annett, vice president of the Buzzards Bay Coalition (BBC), to discuss goals and plans for returning "The Bogs" on Acushnet Road to a natural wetland state. He said that plans had been sidelined for some time, but that now an agreement between the former owners, Decas Cranberry Corporation and the U.S.D.A., were moving forward.

Annett assured the selectmen that he was working closely with Highway Superintendent Barry Denham who had previously expressed his concerns regarding the need to avert possible flooding of abutting private properties and/or municipal roadways.

Annett said the BBC had engaged GZA GeoEnvironmental, Inc. to study soils, groundwater, projected water movement, and other related matters. Once this is completed, he said, a meeting would be held with the U.S.D.A. to discuss the technical report. At that time, options and alternatives for wetland restorations would be the goal. He said a public meeting would be held inviting community members to learn about the project and for the BBC team to gather feedback. The first public meeting is scheduled for April 25 at 6:00 pm at

ZBA Issues Special Permit for Converse Road

Marion Zoning Board of Appeals

By Sarah French Storer

After months of deliberation and numerous public hearings, the Marion Zoning Board of Appeals issued a special permit Thursday night to Mark Ross and Margot Mims for their project at 195c Converse Road.

The applicants proposed to elevate an existing house to make it FEMA compliant, using the same footprint of the prior house, except for an extension of a deck off the south side of the building.

The existing non-conformity is the 14-foot setback to the northern property line.

The applicants' attorney, John Markey, stated that there had been no change to the proposal since the February meeting, but cautioned the board to reference only the correspondence they had received pertaining to the current plan, dated January 29. He argued that the proposal does not increase the non-conformity, since the structure is not moving closer to the property line, only moving laterally along it.

At a previous hearing, both the Planning Board and an abutter, Caroline Elkins of 195a Converse Road, suggested the board should consider the zoning bylaw section that governs the Flood Hazard District when considering this proposal, since the existing structure is located partially within the V zone.

The board spent considerable time grappling with the bylaw section that states, "In the case of lots created before the date of enactment of this bylaw and with areas both in the Velocity Zone and outside the Velocity Zone, all structures built after the enactment of this bylaw shall

be located in the area outside the Velocity Zone. If this area is not sufficient to allow for the required zoning setbacks, the applicant may apply for a variance to allow lesser setbacks. The only exceptions are seawalls, piers, groins, wharves, weirs and similar structures."

The board wasn't sure if the raising and extension of the structure should be considered new construction under this bylaw, and Elkins' attorney, Marc Deshaies, argued because the property is located within the Flood Hazard District, and because the applicant has the ability to build outside the V zone, that section does apply. Elkins, through her attorney, provided a letter to the board, which stated in part that the bylaw states "no new construction of any sort may be built in the Marion

Velocity Zone.”

[T]he only available option is to build outside the Velocity zone,” wrote Elkins.” This option is available to [Ross and Mims], as their property includes ample area for construction fully outside the Velocity zone.”

Markey asserted, “[The existing house is] lawfully in existence ... therefore not a structure being built, but modified.” He added that the setbacks already are nonconforming, but will not become more nonconforming.

Nonconforming structures in existence before the 1999 zoning bylaw may be governed by the old setback requirements.

“Arguably, you could be [increasing the nonconformity] if you are extending the structure, increasing the size of the nonconformity,” said Carboni. “Anytime you increase the size of a nonconforming structure on a nonconforming lot, [you are] increasing the nonconformity.” She urged the board to first examine the applicability of the bylaw, and underscored that, since the lot has area both in and out of the V zone, that section 203-8.1E2 (no new construction in a V zone) applied, but that the board could look at other sections to inform their decision and to understand the intent of the bylaws.

ZBA member Tad Wollenhaupt reiterated that section 230-8.1E1 states “no new construction of any sort” in the Marion Velocity zone.

Carboni remarked that this was for lots entirely within the V zone, and could be used to “shed light” on the decision, but does not apply directly to the current application.

Building Commissioner Scott Shippey, Carboni stated, has said that a property owner is allowed, by right, to raise a structure to make it FEMA compliant.

The board discussed the applicability and merits of the different sections of the bylaw, but Carboni steered them back to 8.1E2, and advised them to “come to consensus” about the question of whether the construction was “new” or not, in order to move on to section 230-6.1, which allows construction within the V zone only when impossible to build outside of it. Carboni allowed that, if the board was trying to understand if the intent of the bylaw was to not allow any structure in the V zone, another section, 8.1E4, seemed to say construction is

allowed.

Carboni said she found section 8.1E2 as “ambiguous” and that it could be interpreted either way. Section 8.1E4 contemplates construction in the V zone, including improvements, and it could be defensible to interpret 8.1E2 in a similar way.

“If the board finds it permissible,” Carboni said, “then you go to 6.1 for expansion of a nonconforming structure.”

Leblanc also wanted the January 29 plan to go back before the Conservation Commission.

Ultimately, the ZBA found that the proposed construction does not violate any provision of section 230-8.1 of the bylaw, and approved the special permit under section 6.1, stating that the proposed expansion is not substantially more detrimental than the existing structure.

Also during the meeting, the board denied a variance for Wayne and Bonnie Camara, 222 Point Road, to build a two-car attached garage with less than the required setbacks. David Davignon, of N. Douglas Schneider & Associates, submitted the “shape of lot” criteria as the evidence for a hardship, as required for a variance. The board responded to this assertion by suggesting that the Camaras could relieve the hardship by simply building a smaller garage.

John and Jessica Peters, 20 South Street, were a no-show for their proposal for a special permit for setback relief for a gazebo and swimming pool; their abutters, however, asked questions and viewed the plans.

Leblanc asked what the options were for the board if the applicant didn’t show up again. Carboni noted that the board could close the hearing, but acknowledged that it was “uncharacteristic of this professional (Anthi Frangiadis) to not show up.” The hearing was continued to May 2.

The next meeting of the Marion Zoning Board of Appeals is scheduled for April 18 at 6:30 pm in the Marion Town House.

Sweet Meeting for Planning Board

candy straight out of a grown boy's dreams.

Murphy, the apparent candy man to the board, is depended upon every meeting to deliver an assortment of the favorite candies enjoyed by members predominantly seated on the west end of the conference room table. This week, Murphy slid two plastic tubs of various colored and mixed candies across the conference table like it was a Candy Land game board and Murphy was challenging them to a game.

Meanwhile, representatives for the Site Plan Review and Groundwater Protection District Special Permit request for Attorney Patricia McArdle on behalf of Sofia Darras presented the board with two plan change proposals. The first was the elimination of a swale left of the lot at 565 Rounseville Road, Plumb Corner, with that being replaced with two catch basins. The second was the removal of a section of pipe at the stormwater discharge into the wetlands and the introduction of some riprap and concrete there to improve the conditions.

The representatives said that their client would next prepare a draft Approval Not Required as a result of the plan changes and subsequently complete a land conveyance to swap equal amounts of land between the abutting properties affected by the project, including the proposed 22-duplex age-restricted residential development slated for next door.

Easements will also be granted for septic and infiltration and construction.

The hearing was continued, however, because McArdle wanted further time to communicate with Darras over the latest plan proposal.

In other matters, the board granted an Approval Not Required request for Muriel and Joseph Dvorski, 349 High Street. The board members to the west of the table didn't comment much as they chewed and then rolled their tongues around and between their teeth and gums, hands clasped as if quietly waiting for an appropriate amount of time to pass before reaching for another candy.

Planning Board member to the east, John DeMaggio, gave in to the urge to get up and reach long for a flawless candy grab 48 minutes into the meeting. After, as he looked west, his face expressed an obvious regret over not having grabbed a bigger handful.

The next Planning Board meeting will feature

(MLT) on April 8 gave the Mattapoisett Conservation Commission an informal presentation on the 128-acre site the MLT is in the process of purchasing from members of the Hiller family.

Known as the Pine Island Watershed Land Project, the property has three important aspects worthy of conservatorship, Huguenin said.

First and foremost is the highly recognized wildlife habitat, which Huguenin described as part of a "key corridor" for all wildlife in the region. Second, he recognized the recreational opportunities that the now private thickly vegetated property could potentially offer. The third, Huguenin said, is the historical aspect of the land.

According to Huguenin, the summer home of Oliver Wendell Holmes was located along part of the acreage in question.

Huguenin said that the purchase price of \$1.5 million could be part of a three-way partnership, and that a warrant article was being prepared to ask for voter support at the Annual Town Meeting. That partnership, he explained, would find the MLT raising \$500,000 from private donations, another \$500,000 from Mattapoisett's Community Preservation Committee via a bond and levy program, and the Buzzards Bay Coalition would coordinate with the MLT with grant applications.

Huguenin also said that he hoped the ConCom would be willing to hold the conservation restriction on the property in partnership with the BBC.

"We absolutely support projects of this sort," Conservation Commission Chairman Michael King stated. "We are happy to support you."

The commission approved a motion to send a letter to the MLT formally giving the commission's support.

Also during the meeting, recent activities was discussed. Spring is in the air! Trees and flowers are budding, bird songs fill the air, and the rousing sound of a backhoe illegally removing soil from jurisdictional wetlands easily caught the attention of residents who promptly reported the activity to the Conservation Agent Elizabeth Leidhold.

"You know it's spring," Leidhold said after giving

Alterations, Repairs & Custom Designs

her report to the commission – a report filled with various unpermitted activities.

The first complaint on the list involved Brandt Point Village. Leidhold said she found the mandated turtle fencing in severe decline, and layers of trash mixed with soils are carpeting areas of the beleaguered subdivision.

Leidhold said that the Planning Board had been unable to get the developer, Marc Marcus of Omega Financial, to respond to the board's numerous requests for answers, so Leidhold was unsure how successful she would be in contacting him regarding conservation issues.

King instructed Leidhold to send Marcus a letter listing the problems and requesting a plan to remediate

them.

Next on the list were problems with the erosion controls along the Water & Sewer Department's directional drilling project in the Point Connet and Pease's Point beach communities being performed by drilling subcontractor John Cardillo. Erosion control was one of several conditions placed on the construction work by the Conservation Commission.

King said the office would send a letter indicating the issue must be corrected and returned to compliance with the permit.

In a matter reported as the digging out of a pond off North Street in the Captain Lane's area, Leidhold said a son of the primary property owner in the area, Vera Gibbons, reported that a backhoe was being used to excavate material in a vernal pool and stream.

Although Leidhold knew the name of the person doing the work, she stated, "I don't want to say who it is."

King again believed the activity worthy of formal notification listing all jurisdictional areas being impacted, type of unpermitted activity, and a request for the parties involved to make an appearance and discuss the matter with the commissioners.

In another matter where names were not spoken aloud, Leidhold said neighbors in the Shore Drive and Center Street beach community complained of trails being constructed in marshlands. King asked her to engage town counsel for what action the commission could take to stop and prevent further damage to the wetlands.

*(*The Wanderer was unable to reach Leidhold before press time to document the names she withheld of those responsible for the alleged violations. Those names will be published in the April 18 edition of The Wanderer, pending Leidhold's cooperation.)*

In other business, a Request for Determination of Applicability submitted by Matthew Souza and Gregory Vergotz, 9 Avenue A, for minor exterior improvements to an existing residence received a Negative determination

James Babbitt, 40 Marion Road, received a Negative determination for his RDA for the installation of a shed on a concrete pad.

A Notice of Intent filing by Paula Coffey, 64 Shore Road, to demolish a structure and construct a new home was approved.

A request for an extension to an existing order of conditions was granted to L.C. Grant, Marina Drive.

Continued until April 22 was a Notice of Intent filing for a subdivision project known as Eldridge Estates of Prospect Road, by Scott Snow. The commission was satisfied with updates to the plan of record, including sewer and septic plans, but the applicant wished for the commission to make its decision after Snow's next meeting with the Planning Board.

The next meeting of the Mattapoissett Conservation Commission is scheduled for April 22 at 6:30 pm in the Mattapoissett Town Hall conference room.

BOH Moves to Ban Sale of Flavored Nicotine, Tobacco

Marion Board of Health

By Jean Perry

The Marion Board of Health has chosen May 7 to hold the public hearing on its proposed ban on flavored tobacco and nicotine delivery products, which would include flavored cigars and flavored liquids used in electronic vaping devices.

This amendment to the existing tobacco and nicotine regulation was conceived in 2016, but the board sent it to the sidelines last year so it could take up the adult-use recreational marijuana ball and run with it. Now that the field is clear, the board is again ready to tackle the issue.

The amendment to the regulation would add

three new definitions: characterizing flavor, flavored tobacco product, and adult-only retail tobacco store.

A "characterizing flavor" is defined as a "distinguishable taste or aroma, other than the taste or aroma of tobacco. ..." Not considered a "characterizing flavor", however, are products with the aroma or taste of menthol, mint, or wintergreen.

A second definition, "flavored tobacco product," encompasses anything with the aforementioned characterizing flavor.

The other definition, "adult-only tobacco retail store", is defined as an establishment not required to possess a retail food permit whose primary purpose is to sell tobacco products and paraphernalia, and entrance is restricted to people 21 and older.

The amendment would restrict the sale of flavored tobacco and nicotine to adult-only tobacco retail stores, of which there are currently none in Marion.

For many months, the Board of Health was bent on becoming the first town in the entire country to successfully ban the sale of menthol cigarettes, but earlier this year the board abandoned that agenda.

The regulation amendment, written by and presented to the board by Cheryl Sbarra, the senior staff attorney and director of the Tobacco Cessation and Prevention Program and Chronic Disease Prevention Program for the Massachusetts Association of Health Boards, would prohibit the sale of flavored tobacco and nicotine products in any of the existing establishments

that currently sell cigarettes, cigars, e-cigarettes, and vaping products.

There was no quorum on April 9 during the board's regular meeting so no vote was taken to move the amendment forward to public hearing, but, according to Health Agent Karen Walega, that vote could be taken at the board's next meeting. As for the language of the amendment, Walega confirmed that it would likely be presented as-is, saying, "I think were just waiting on [town counsel]."

The next meeting of the Marion Board of Health is scheduled for April 23 at 4:30 pm at the Marion Town House.

OC Baseball's Ace Picks Up Where He Left Off

High School Sports Update

By Nick Friar

Old Colony baseball's **Jacob Worden** could make the case to run the state penitentiary with the way he handles opposing hitters. The Warden takes no guff from anyone.

Puns aside, the senior right-handed pitcher was lights out for the Cougars in 2018. He threw a complete game in each of his final four starts and did not allow an earned run over those 29 innings.

Worden is back to keeping hitters off balance to start 2019, earning a win in his first outing. He went the full seven innings in his first start for the Cougars and struck out 10. He scattered three hits and three walks, which only manifested into two Upper Cape runs.

"He has good command of all his pitches and keeps hitters off stride," Old Colony coach Craig Lincoln said. "And he has the ability to reach back when he needs to."

Through two games, Worden is also 2 for 4 with a double, two walks, and an RBI.

But the story offensively for Old Colony has been **Matt Bumpus**. The junior infielder already has five hits through seven at-bats. He's scored four runs, knocked in one, and hit a double.

Junior outfielder **Liam Stuart** leads the Cougars in the early going with three RBI.

The Cougars opened the season with back-to-back wins. They will play at Cape Cod Tech on Friday at

3:30 pm after Wednesday's matchup with Bristol Aggie at Pope Park.

Old Colony softball found itself in quite the afternoon affair against Upper Cape.

Down seven runs heading into the top of the seventh inning, Old Colony charged back to score 12 runs and finish with a 20-15 win.

Freshman **Taylor Haskell** laced her first varsity hit of her career, and later drove in Old Colony's go-ahead run as part of her 4 for 6 day.

Hannah L'Heureux continues to terrorize opposing pitchers, as well. She went 5 for 5 against the Rams. She knocked in three runs, scored four, and laced both a double and triple. Like Haskell, **Tori Santos** had four hits. She drove in three runs. **Allyson Pompeo** knocked in four of her teammates.

Old Rochester Regional

In pursuit of retaining its title as South Coast Conference champions, Old Rochester Regional's girls lacrosse continues to prepare by taking on challenging difficult opponents outside of their league.

The Bulldogs were able to knock off an always challenging Dartmouth team in a 14-6 finish after ORR suffered a 14-7 loss at the hands of Cohasset. The common denominator in both of those games: **Megan Shay**.

On her own, Shay outscored the high-powered Dartmouth offense 7-6. Against Cohasset, she scored five goals. The senior midfielder scored 35 goals as a junior and 31 as a sophomore. She already has over one-third of the number of goals she scored in 2019. Suffice to say, she'll once again be one of the area's top players, maybe the best in the South Coast Conference.

Defensively, ORR is more-than-capable with goalie **Gates Tenerowicz** back between the pipes. She also has two unrelenting defenders, **Mary Butler** and **Caroline Thomas**, playing in front of her, as they did in 2018.

To the Editor:

It's Time for Marion To Deal with The Elephant in the Room

"You can deal with this!" This is what my children tell me when I am faced with unpleasant tasks and expenses. Marion, we need to deal with neglect and mismanagement of our Town assets. These costs have come home for payment. There is really no choice if you continue living in Marion.

We all have an ownership interest in the common community assets base: buildings, equipment, water,

Animal Advice

Jay Gould, DVM

My dog spends lots of time chewing and licking his feet. What does this mean?

Your dog is showing signs of allergies. People with allergies tend to cough and sneeze. Dogs will lick, chew and rub.

What can my dog be allergic to and what should I do?

Your dog can be allergic to food, fleas, articles that he comes into contact with such as wool rugs, all pollen, mold, and dust that affects people. Try to keep a log of your dog's itchiness to determine if it happens all year round or if it is seasonal. Food allergies are not seasonal. Talk to your veterinarian about diet changes, medications and allergy testing to determine what may be the most helpful for your pet.

You can contact Dr. Gould at 508-758-6400 or visit our website at MattapoisettAH.com

sewer, and roads. These assets need to be replaced, maintained, and repaired. Without capital spending, the Town's infrastructure effectively dies from lack of capital nourishment. This is the result of years of unfunded accumulated depreciation and deferred maintenance. The longer investment is deferred the more it costs. These are not special interest projects looking to raid the community treasury.

For the first time in a decade, Marion has a majority board of selectmen competent and capable to form a leadership base to get Marion back on track after a train wreck. The help wanted sign is out for capable and experienced citizens to volunteer for boards and committees to run and manage our community.

The selectmen are not only dealing with significant asset management issues but EPA regulatory compliance deadlines and contentious litigations with the Buzzards Bay Coalition. The Selectmen are tasked with the extraordinary event of rebuilding the senior management team with a new Town Administrator, DPW Director, and Treasurer Tax Collector. These guys could use community help and support in managing and minimizing the adverse consequence of all work necessary to start cleaning up this mess.

Monday, May 13 is the annual Town Meeting. This is the time we gather as a collective body to determine how we will run our community, make choices, set priorities, spending, and then vote on the due's assessment. Yes, there is a forecasted 7.78% tax impact in addition to adverse adjustments in water and sewer rates.

Town Meeting will deal with \$40.8 million of spending authorizations, approvals, and commitments for fiscal year 2020.

First \$29.1 million is for the three operating budgets: Town \$23.7 million, sewer \$3.1 million, and water \$2.2 million. This is financed by taxes and enterprise fund user fees.

Second \$11.7 is capital spending; including \$3.5 from money on hand; sewer \$5.1 million and water \$3.1 million. There are also \$1.2 million of Community Preservation Act projects for approval including \$800,000 to start work on the Town House. Debt authorizations are \$8 million to carry water and sewer project financing.

Public Information Meetings are scheduled for

Academic Achievements

Hannah Guard of Marion, Massachusetts, was recently initiated into The Honor Society of Phi Kappa Phi, the nation's oldest and most selective all-discipline collegiate honor society. Guard is pursuing degrees in Biochemistry and Psychology at University of Massachusetts.

Lillian McIntire of Mattapoisett, Elise Parker of Mattapoisett, and Emily Josephson, Rochester were named to the 2018 fall semester dean's list at **Simmons University** in Boston. To qualify for dean's list status, undergraduate students must obtain a grade point average of 3.5 or higher, based on 12 or more credit hours of work in classes using the letter grade system.

Meet the New Police Chief

Robert Small, Rochester's newly appointed Police Chief, will be the speaker at the **April 17** Speakers Night at the Rochester Historical Society at 7:00 pm at the museum located at 355 County Road. Chief Small has been on the police force for thirty years and will be speaking on the changes during that time period and about the future of the department. Any and all are welcome. There is no charge. Come early and browse through the museum. Refreshments will follow.

organization focused on connecting communities to the land, selected Sippican Lands Trust (SLT) as its Service Project recipient this spring. They do this by supporting up to 36 service members annually who spend 11-months serving local nonprofits focused on land access and conservation. Throughout the year, the TerraCorps team comes together to complete large-scale service projects that benefit different communities in Massachusetts like Marion.

TerraCorps plans to bring 30-35 AmeriCorps members on Friday, April 12 to tackle several land stewardship projects at some of Sippican Lands Trust's properties in Marion.

TerraCorps members will spend most of the day pruning trails, clearing brush, and helping with office tasks.

Mathew MacDonald, Community Engagement Coordinator for TerraCorps, said that "he hopes the efforts of TerraCorps will bring joy to folks in Marion, as they celebrate the season ahead in the woods and marshes that they call home. As always and as a TerraCorps member, it's great to be part of a team and to help an organization that cares deeply about protecting and

improving land for others.”

Sippican Lands Trust’s Executive Director, Jim Bride, praised TerraCorps for their dedication and service to land conservation work around the Commonwealth of Massachusetts. Bride stated that “he is grateful for this extraordinary act of service from TerraCorps members to help advance land stewardship work at some of Sippican Lands Trust’s properties in Marion.”

Sippican Historical Society

In 1998, the Sippican Historical Society commissioned an architectural survey of Marion’s historic homes and buildings. The survey was funded one-half by the Sippican Historical Society and one-half by the

Massachusetts Historical Commission. Due to the limits of funding, not all of the historic buildings were surveyed, but over 100 were catalogued and photographed. The results of the survey are in digital form on the Massachusetts Historical Commission’s website and in four binders in the Sippican Historical Society’s office (and at the Marion Town Clerk’s office).

Marion (Old Rochester) is one of the oldest towns in the United States, and the Sippican Historical Society maintains an extensive collection of documentation on its historic buildings. The Sippican Historical Society will preview one building a week so that the residents of Marion can understand more about its unique historical architecture.

This installment features 28 Cottage Street. The handsome, substantial home at 28 Cottage Street blends characteristics of the Queen Anne, Shingle, and Colonial Revival styles. Enclosed by a broad gambrel roof, the original open center porch exhibits chamfered posts. This home was built for Harvey W. Everest, a real estate agent.

OBITUARIES

Michael B. Moreau, Sr., 72, of Mattapoisett passed away Sunday, April 7, 2019 at St. Luke's Hospital in New Bedford after a brief illness. He was the husband of 52 years to Jane M. (Davidson) Moreau.

Born in Newport, RI, son of the late Oliver E. Moreau, Sr. and the late Elsie (Costa) Dawson, he was a lifelong resident of Mattapoisett and graduate of Old Rochester Regional High School. Mike served in the Navy during the Vietnam

War and later was a salesman for Davidson's Meat for many years. After Davidson's he worked with Luzo and then Sysco until his retirement.

Mike loved the water and time spent on his boat. He had served as an assistant Shellfish Warden and assistant Harbor Master in Mattapoisett. He was a member of the Quittacus Masonic Lodge AF & AM the Aleppo Temple Order of

the Shrine and an avid model train collector.

He is survived by his wife; two sons, Michael B. Moreau, Jr. and his wife Erin and their children, Hunter, Derek and Blake of Mattapoisett and Brett D. Moreau and his wife Kellie and his children, Rebecca and Gabrielle of Mattapoisett; his step mother, Natalie Moreau of New Bedford; two brothers, Oliver E. Moreau, Jr. and his wife Sandy of Mt. Wolf, PA and Jeffrey Moreau and several nieces and nephews. Mr. Moreau was the brother of the late Merle McCra.

Calling hours are Saturday, April 13, 2019 from 10AM-1PM in the Fairhaven Funeral Home, 117 Main St., Fairhaven. Cremation will follow. For facility directions or memorial register go to, www.hathawayfunerals.com or call (508)994-9471.

In lieu of flowers, memorial donations may be made to the Shriner's Hospital for Children, 51 Blossom St., Boston, MA 02114 or a charity of your choice.

Continued on page 42

OBITUARIES

Jagger Adam William Gibeault, age 25 of Freetown, passed away Saturday, March 30, 2019 as a result of a motorcycle accident; while enjoying the day with his dearest friends. By all accounts, he had been having an awesome day doing what he enjoyed. He is survived by his loving parents, Linda (Sumner) and Michael Brodeur.

Born in New Bedford, he was a graduate of Old Colony Regional Vocational High School, class of 2011. He was a self-employed carpenter and had formerly worked at Home Depot in Dartmouth. Jagger loved and adored his son Mason, as well as his whole family, he enjoyed coaching Mason in T-Ball and was looking forward to this season with his son. He loved motorcycles and anything on wheels, he had no fear and loved to push the envelope. He was extremely handy and loved to work with his hands. Jagger was fondly known as a "Horrible Speller" and genuinely funny. He enjoyed being with his friends and was a non-judgmental person, whom everyone loved.

In addition to his parents, he is survived by his loving son, Mason C. Graveson and his mother Desiree of New Bedford; three sisters, Crystal Nunes and her companion Victor of New Bedford, Chevon Nunes and her companion Donny of Dartmouth and Jennifer Brodeur and her companion Victor of New Bedford; a brother, Scott Brodeur and his wife Heather of New Bedford; his grandmothers, Margaret Frias of Fairhaven and Irene Stevens of Freetown; a uncle, Phillip Brodeur; nine nieces and nephews, Jazmin, Ava, Sage, Terrell, Donavin, Dominic, Colynn, Cory and Tyler; and his mentor and trusted friend, James Kummer of New Bedford.

Jagger will be greatly missed by his family and close friends, but will remain in our hearts eternally. His Celebration of Life was held on Sunday, April 7, 2019 at the VFW, Post 6643, 89 Middleboro Road, Freetown, MA. Arrangements are in the care of the Rock Funeral Home, 1285 Ashley Blvd, New Bedford, MA 02745. To leave a note of condolence: www.rock-funeralhome.com

Dwayne J. Lopes, 50, of Dartmouth passed away unexpectedly Sunday, March 31, 2019.

Born in New Bedford, a son of Nancy (Frates) Lopes of FL and the late John Lopes, Sr. He was a lifelong area resident.

Dwayne worked at Old Colony Regional Vocational Technical High School and was also a licensed electrician. He was a hardworking, humble man that could fix anything. When not working, he loved spending time at the beach.

In addition to his mother, he is survived by two children, Amanda Lopes of RI and Nathan Lopes of AL; siblings, John Lopes Jr., Darryl Lopes, Shawn Lopes, Richard Lopes, Don Lopes, Lori Porter, Marcia Ferreira, and Timothy Ferrei-

ra; longtime girlfriend and life partner, Lisa Faria; numerous cousins, nieces, and nephews. He was the father of the late Tristan Lopes and brother of the late Lonnie Lopes.

His memorial visitation was held on Tuesday, April 9, 2019 in the Waring-Sullivan Home at Dartmouth, 230 Russells Mills Rd., Dartmouth. For online tribute/directions www.waring-sullivan.com.

Eloise Ricciardelli, née King passed away on Monday, April 1st 2019 at the age of 90. She went peacefully, surrounded by her loved ones.

By all accounts, Eloise lived her life to the fullest. She was born on February 18, 1929 in New Jersey to Christina Pernas and J. C. King. Despite chronic motion sickness, she lived a life on the move, spending her childhood in South America with years in Brazil and Uruguay alongside her older brother, Frank, and younger sister, Margherita. She moved back to the US shortly after WWII and finished up her schooling, attending Stevens College and, from what we know, raising hell.

Not to take the simple road, she moved to New York City and began a career. She had a number of different jobs, including working for Capital Records before eventually starting up at MoMA. She worked through the ranks, from the Film Department to Museum Registrar. Her work took her across the globe, including Russia, Australia, Japan, France and more. As an expert in the field, she continued to work after her retirement in 1991, lending her expertise to the New Bedford Whaling Museum and the Mattapoisett Historical Society.

A modern, independent woman, Eloise was married and divorced a couple of times throughout her life. First to Don Smith, father of Cassandra and Marc, and later to Alex Ricciardelli, father of Matthew. Unfortunately, no man could really keep up with Eloise, so she raised her three children primarily as a single working mother from the 60's and through the 80's.

Eloise retired from MoMA and moved to Mattapoisett, MA in the early 90's. She spent those years volunteering, continuing to travel and teaching her grandchildren how to protest. With family all over, she had opportunities to visit across the US and overseas to Cyprus, Belgium, Hong Kong, Bali, Canada and more after her retirement, in addition to regular visits to New York.

Despite moving to Maine in the later years of her life, she built a vibrant and close community of friends. Her days were filled with exercise classes, spanish table, movies, concerts, operas, lectures and chatting up strangers at Woodman's. Eloise was an absolute treasure of a human being who touched everyone she met. She was sassy and sophisticated, she knew how to have a good time and not take life too seriously. She faced her life fearlessly and cared little of what others might

OBITUARIES

think. She will be sorely missed.

She is survived by her brother, Frank King; daughter, Cassandra Babbitt; son, Matthew Ricciardelli; five grandchildren, James, Ian, Hilary and Fiona Babbitt and Vincent Smith; and 2 great-grandchildren Eloise and Clementine Cummer-Babbitt.

A celebration for her life is planned at a later date when extended family may join us. In lieu of flowers the family asks for a donation to the Orono Land Trust (PO Box 4, Orono, ME 04473), or a charity of your choice.

Peter C. McGowan, age 56, died on March 30, 2019 surrounded by his family at the home of his sister Katie in Ocean Pines, MD after being recently diagnosed with Prion Disease (CJD sporadic). Peter is survived by his parents Kathleen &

Charles McGowan of Mattapoisett, MA and Venice FL; his daughter Phoebe Sheehan of Loudonville, NY; sister Kathleen McGowan Emche, her husband James and nephew Jake and niece Kathleen of Ocean Pines, MD; sister Marya McGowan Dunham, her husband John and niece Elizabeth and nephew Matthew of Alexandria, VA; sister Kerry McGowan McNulty, her husband Brian and nieces Kate and Izzy of Duxbury, MA; and sister Betsy McGowan Friedman, her husband Ted and nieces Caroline and Addison of Barrington, RI as well as many uncles, aunts and cousins.

Peter graduated from Portsmouth Abbey School in RI and received his bachelor's degree from Roanoke College in VA. After college, Peter spent many years living and working in Colorado skiing in the winter and spending summers on Martha's Vineyard enjoying all things water related. He and his friends coined their lifestyle back in those early days, "The Pro Leisure Tour" and according to his posse of adoring friends, he led this group on many spirited and wild adventures over the years.

Always having had an interest in photography, Peter went back to school to study it more formally and then embarked on a successful career in the mid 90's as a freelance advertising and editorial sports, marine, yachting and outdoor action photographer. Known for having a very good eye and being able to capture a unique point of view, Peter's photos were always distinct and innovative. One of his good friends described his work best, "the best sailors in the world were stoked to see him because they knew they were going to be in a funky, wavy, bubbly shot in a magazine".

"Sweet Pete" as he was often referred to by his large group of friends, was a larger-than-life personality in many circles. Peter was known far and wide as an enigmatic, persuasive, adventurous and often-times charmingly infuriating friend who liked to be known as the "disruptor". Peter was never afraid to try new things and always wanted to bring others along for the ride. One of the unique things about Peter was his willingness and excitement to share his experiences

and interests with those around him, especially the next generation. Many benefitted from his ability to inspire them to love the ocean and other fun activities through his mentorship. He was fearless in his pursuit of his life's passions, his photography, his love of the outdoors on the water and above all else, his absolute adoration and pride in being Phoebe's father.

Peter's motto in life was to play more and work less and he was able to successfully blend the two together and always make life an adventure for himself and those fortunate enough to be around him.

A funeral mass and celebration of Peter's life will be held in Mattapoisett, MA sometime in early summer.

A donation in his memory may be made to: <https://cjd.foundation.org/donate>

Daniel S. Sanford, 30, of Marlboro, died unexpectedly at home on April 2, 2019. Son of Stephen P. and Jill J. (Johnson) Sanford of Mattapoisett (formerly of Hopkinton), Dan lived in Hopkinton most of his life before moving to Marlboro seven years ago. For many years Dan participated in activities sponsored by the Employment Options organization in Marlboro. He enjoyed spending time with his family, especially when visiting his grandparents at Newfound Lake in New Hampshire and at Buzzards Bay in Wareham. Dan loved music, playing video games with his friends, and was a car enthusiast from an early age. He always looked forward to playing with his family dog Jazzy, and his sister's dog Riley. Dan will be deeply missed by his family and friends. In addition to his parents, he is survived by his sister, Kara Sanford of North Attleboro; his brother, Sean Sanford of Mattapoisett; his paternal grandparents, E. Lorraine (Spaulding) Sanford and the late George B. Sanford, of Wareham; his maternal grandparents, E.A. "Pete" and Ruth (Potvin) Johnson of Bonita Springs, FL; his aunts and uncles, Richard and Margie Sanford of Taunton; Bill and Denise Sanford of Norton, David and Juliet Johnson of Spring, TX; and Wayne and Nicole Johnson of Naples, FL; his cousins, Amy Johnson, her husband Johnny Manzanarez and their son Tyler of Key West, FL; Eric Sanford and Renee Sanford of Norton; and Dan's friends and staff at 509 Lincoln St., Marlboro. Calling hours will be held on Thursday, April 11, 4:00-8:00 pm in the Saunders-Dwyer Home for Funerals in Mattapoisett at 50 County Road/Route 6. A Memorial Service will be held on Friday, April 12 at 11:00 am at the funeral home, followed by a burial at Cushing Cemetery, Mattapoisett, MA. Donations may be made in Dan's memory to Mobile Ministries of New Bedford, 884 Kempton St, New Bedford, MA 02740 (mobile-ministries.org), Employment Options, 82 Brigham St., Marlboro, MA 01752 (employmentoptions.org), or The Kennedy Donovan Center, 1 Commercial St, Foxboro, MA 02035 (kdc.org). For directions and guestbook, please visit www.saundersdwyer.com.

If you have a notice you would like to have included in the Obituaries section, please contact our office at: 508 758-9055, by fax at 508-758-4845, or by email at office@wanderer.com.

MOVIE REVIEW

Teen Spirit

By Rob Gonsalves
www.robsmovievault.com

***Diane*. Starring Mary Kay Place and Andrea Martin. Directed by Kent Jones. Running time: 95 minutes. No MPAA rating, but equivalent to R for language. In limited theatrical release and on streaming platforms.**

Some independent movies wear their miserablism as a badge of perverse pride. "We will make you look at despair, poverty, sickness, the fragility of existence," they promise us, "for your own good. Eat your spinach and recognize our noble intentions." These movies think being a depression delivery system is enough to qualify as art. Then there are films like *First Reformed* and now *Diane* that forge life's intractable aspects into something greater, but quieter, than the sum of its parts. *Diane* devotes itself to the inner life, guilt and disappointments of Diane (Mary Kay Place), a 70-year-old woman drifting through bleak, snowy rural Massachusetts, trudging through altruistic activities in order to make up for ... something. A bit of selfishness in her past, which may or may not be relevant to the pains and problems she faces now.

The literal-minded may look askance at *Diane* — why punish this basically good woman for a lapse decades ago? But *Diane* doesn't punish Diane; Diane herself does. Mary Kay Place, a reliable and often inspired character actor for some 40 years, fills out a role written for her by director Kent Jones (in his fictional debut, after some documentaries). Place makes Diane gentle and thoughtful but with a strong prickly streak — Diane is no angel. Neither is she a devil, nor is her troublesome addict son Brian (Jake Lacy), who morphs from foul-mouthed and resentful to annoyingly pious once he gets Jesus. There are no villains here, just humans ground down a bit by the world. Even Brian's journey isn't as simple as it sounds. Nobody's is.

Diane is not strictly a work of entertainment, but its level of craft and insight makes it enjoyable; the way it lingers on the subtle, the quiet, the unspoken human moment, and trusts us to be patient and *adult*, is refreshing. Diane sits at the hospital bedside of her dying cousin (Deirdre O'Connell), or sits across from an old friend (Andrea Martin) at a buffet. She has a support system of sorts, even if she may not feel she

deserves one. As far as she's concerned, her job is to serve and to submerge her own emotions (which bubble up unbidden anyway). *Diane* was executive-produced by Martin Scorsese, and in a way it's as much about faith and its discontents as any of his own serious works about religion (*Last Temptation of Christ*, *Kundun*, *Silence*). Diane nails herself to a cross every day for that one time she decided to feed her hungry ghost in a big way at the expense of those who trusted her. Kent Jones feeds this to us bit by bit, in naturalistic exchanges and undramatic (or undramatically presented) incidents. Here and there we find beauty, such as the warm smile of an older fellow Diane regularly feeds at the local food pantry. Played by Charles Weldon, a journeyman actor who died last December at age 78, this fellow drops in to offer Diane some perspective on her sorrow.

One other valuable thing *Diane* does is to center on a woman entering her eighth decade, and to fill the frame with friends and family mostly around her age or older (such as 91-year-old Estelle Parsons, who seemingly hasn't lost a step). These women may be closer to death than to birth but they still have some arrows left in their quivers. These characters were young and stupid once, and they regret it (or they don't). As loneliness starts closing in on Diane, she vents about it in her journal, in short lines that structurally resemble some teenager's emo poetry, and that's when the full concept snapped into focus for me. David Cronenberg is worth quoting at length here: "There's no such thing as an old person. There's a person who has been broken on the rack of pain and infirmity, but there's really no old person. When someone dies at eighty, it's the death of a young person. I see that." Diane sees it, too.

TriTOWN HAPPENINGS

There was a seminar on how to build a boat for the Rochester Memorial Day Boat Race at the Rochester Fire Station on April 4, giving prospective new racers a lesson on the specs and design of a race-winning boat. Photos by Erin Bednarczyk

The Marion Natural History Museum's after school group had the chance to inspect some of the equipment used to count our local herring population. We heard about the species, its food chain, life cycle, and the predators of alewives in our area. Many thanks go to David Watling, Rochester herring inspector, for this fun, hands-on program. Photos courtesy Elizabeth Leidhold.

Ava Koczera-Kasem, a 6th grade middle school student at Saint Joseph School in Fairhaven, was awarded 2nd place in the Junior Division, and was also the recipient of the United States Air Force Distinguished Achievement Award for Outstanding Science or Engineering Fair Project at the 58th Annual Massachusetts Region III Science & Engineering Fair. Ava won 1st place at her school science fair, which qualified her to compete with other school science fair winners from public, private, and parochial middle schools in 24 Massachusetts cities and towns. Regional winners are now eligible to compete in the statewide Massachusetts Middle School Science & Engineering Fair (MSEF) held on May 11 at Worcester Technical High School.

Rochester Memorial School Dedication Mural

Rochester Memorial School, with grant assistance from the Rochester Cultural Committee, continues to collaborate on making the elementary school a hub for artwork and art appreciation.

Students, faculty, and staff, since June of 2018, have been able to enjoy a large-scale mural, painted by accomplished muralist and tattoo artist, Todd Woodward. Based in Brooklyn, New York, Woodward, or "Woodz" as he is often referred, was born in New Bedford and began drawing on his parents' wall when he was six years old. The artist has previously returned to the Southcoast to grace his hometown with works on Acushnet Avenue and Nash Road.

TriTOWN HAPPENINGS

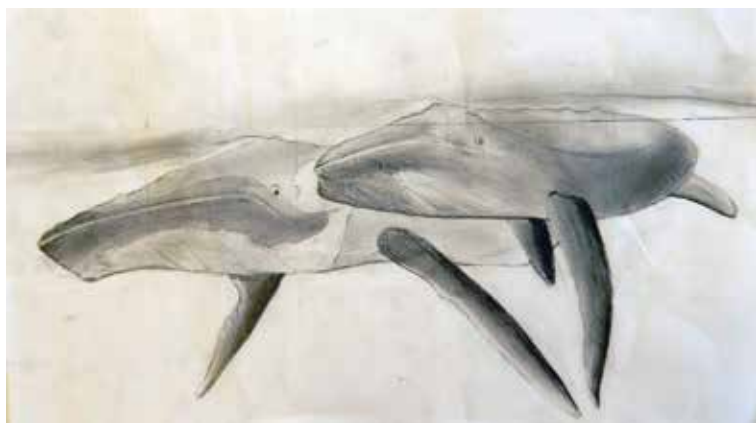

On Friday, April 5, the Mattapoissett Woman's Club planted pansies in the Mattapoissett Post Office window boxes and in the urns at the Mattapoissett Library. Pictured here: Bobbie Ketchel, Sandy Hering, Roxanne Bungert, Carolyn Price, and Kathy McAuliffe. (Sue Mitchell not shown). Photo courtesy Karen Gardner

(Above) Debbie Martin of Mattapoissett (center) displays seven championship rings with Joe Andruzzi (left) and Russ Hochstein.

(Left) Rochester Memorial School, with grant assistance from the Rochester Cultural Committee, continue to collaborate on making the elementary school a hub for artwork and art appreciation. Students, faculty, and staff, since June of 2018, have been able to enjoy a large-scale mural, painted by accomplished muralist and tattoo artist, Todd Woodward.

ORR Junior High School is excited to present Showcase Night on Wednesday, April 24, from 6:00 pm to 8:00 pm in the junior high auditorium. This lively exhibition will feature student artwork, performances by student musicians, class projects, and student activity displays. Join us in celebrating the exciting and creative accomplishments of our ORRJHS students. Student-made, hand-painted flowerpots and raffle tickets will be available for purchase at the event. Proceeds go toward the purchase of a new display structure for exhibiting junior high student work. This event is free and light refreshments will be served. Photo by Meghann Bodeau

These photos and more are available online at www.wanderer.com

The piece that now stands at Rochester Memorial is a wall of gorgeous poppies. The mural was dedicated to Mrs. Diane Lagasse, the school's administrative assistant, also known as the "heart of the school" for more than fifteen years; poppies being her favorite flower. Joanne Smith, RMS's art teacher, had fifteen students, grades K-5, hand-make and paint ceramic poppies representing Mrs. Lagasse's tenure at the school. The ceramic flowers were placed along a pathway which lead to the mural. Mrs. Lagasse was also given a second set of ceramic poppies to go to her home garden. It was later shared that Mrs. Lagasse's own son, grew up with and played with Woodward, a fact unknown during all the planning.

Mrs. Smith had the ceramic poppies, based on "Poppies in Artwork" by Geogia O'Keefe and by the several artists who create poppy artwork in honor of Remembrance Day in Europe – as Mrs. Lagasse adores Queen Elizabeth.

Rochester Memorial School is also slated to receive another grant award from the Rochester Cultural Counsel for renowned street artist, TOMBOBNYC to return to the school for a second installation. TOMBOB, also New York-based, whose genius transforms the mundane into whimsical, colorful works of art, graced the elementary school in October of 2018; and turned an electric box into an ostrich. "Students shouldn't put their heads in the sand" being the message. TOMBOB donated his time and materials to compose the first painting at the school, but RMS is hopeful that a grant from the Cultural Council, in addition to monies raised by the PTO, will bring the artist back for a larger-scale fixture.

Broadway Tunes Concert

Tap your feet to lively songs from a variety of Broadway Musicals. The Occasion Singers, under the direction of Cassandra Morgan, bring their unique talents and harmonies to concert goers during this special concert.

Songs from favorite Broadway musicals such as Gypsy, Phantom of the Opera, Wicked, Cabaret, Wizard of Oz, Sound of Music, The Wiz, Anything Goes, West Side Story, and so many more will fill the afternoon with music, laughter and song!

The concert will be held on Sunday, May 5 at

2:00 pm at The First Congregational Church of Marion Community Center, 144 Front Street (rear of parking lot). Profits from the concert go to support the programs and missions of The First Congregational Church of Marion.

With cabaret seating, concert goers may bring their own appetizers, picnic lunch, and beverages. "Adult" beverages are allowed, if drinking responsibly. Light snacks are also included in the ticket price of \$25.00 per person.

Advance tickets may be purchased by credit card through the church website at: marionfirstchurch.org and clicking on the Broadway Tunes Concert link. If you have questions or need any more information, call the church office at 508-748-1053 (Tuesday from 9:00 am – 1:00 pm and Wednesday – Friday from 9:00 am – 2:00 pm).

Purchase your tickets early because this will be the concert of the spring season! If not sold out, tickets will be available at the door by credit card, check, or cash.

Come to the Broadway Tunes Concert on Sunday, May 5 at 2:00 pm on the second floor of The First Congregational Church Community Center, 144 Front Street, Marion. No wheelchair access. This building is located at the rear of the Marion General Store parking lot. See you there.

SALOME'S STARS

ARIES (March 21 to April 19) A suggestion from a colleague on how to work out a problem might not sit too well with you. But before you suspect his or her motives, why not just accept it as a friendly gesture?

TAURUS (April 20 to May 20) An associate might seek your counsel on a workplace dispute with another co-worker. Listen to what she or he has to say, but withhold advice until you've heard the other side of the story.

GEMINI (May 21 to June 20) Use your Twin gifts for creativity and practicality to score points in landing an opportunity that could open doors to a new career. Someone returns after a long absence.

CANCER (June 21 to July 22) Although things are pretty hectic through much of the week, some quiet time with loved ones helps restore balance. An unexpected visitor brings welcome news about a mutual friend.

LEO (July 23 to August 22) Getting used to change isn't always easy for the Big Cat. But make the adjustments gradually, and soon you'll hardly remember when things were any different from how they are now.

VIRGO (August 23 to September 22) Continue to stay the course you've chosen, and avoid distractions that could throw you off track. Some knowledgeable folks are happy to provide guidance if you need it.

LIBRA (September 23 to October 22) Although you earned plaudits from most co-workers for your recent stand on a workplace situation, you also raised the envy quotient among others. Tread carefully for now.

SCORPIO (October 23 to November 21) You feel more positive about that delayed project, and you're ready to pick it up on a moment's notice. However, you might need to re-motivate those who have since lost interest.

SAGITTARIUS (November 22 to December 21) Some welcome news should be coming your way. In the meantime, use that Sagittarius charm to convince some still-reluctant colleagues that your ideas have merit.

CAPRICORN (December 22 to January 19) Don't wait for a misunderstanding to work itself out. Instead, ask for a chance to explain the circumstances before those bruised feelings lead to an irreversible break.

AQUARIUS (January 20 to February 18) A physical problem should be checked out in order to avoid it going from just being a nuisance to something more serious. Your social life takes an unexpected but not unwelcome turn.

PISCES (February 19 to March 20) Yours might be the wisest sign in the Zodiac. But you still could benefit from the wisdom of a close friend who has suggestions on how to handle a perplexing personal problem.

BORN THIS WEEK: Your passion for doing the right thing inspires others to follow your well-trodden path toward justice.

many businesses and private donors who contributed to the auction!! The auction raised over \$5,000!!

The afternoon activities allowed anyone to view the auction items for free and the children to participate in face painting and enjoying an ice cream sundae with ice cream and toppings donated by Kool Kone! The cake walk, a musical chairs game where the winner gets a cake, was wonderful. Many seniors and bakeries provided the cakes to be used as prizes!!

The evening Beach Themed Gala was a lot of fun! Hawaiian shirts and life guard gear could be seen throughout the crowd. Food was prepared and hosted by the students of Old Colony Culinary Department! The students prepared antipasto skewers, fruit sticks, goat-filled truffles and oodles of more culinary delights. Dessert was prepared by Artisan Bakery in Rochester. Many of the donated auction items were bid on over the dollar values! A great time was had by all.

To date, we have raised \$42,000.00 toward the goal of \$50,000. The bid for the fireworks is out for review and we are busy planning food truck afternoon for the July 5 event. We are so close! If you haven't contributed and wish to see the fireworks occur on the 5th, please send in your donations to Marion Fireworks, 2 Spring Street, Marion.

at Tabor Academy this year is Rhonda Moniz, an underwater forensics specialist, filmmaker, journalist, and ROV pilot/supervisor.

Moniz is also a diving safety officer, and specializes in the use of marine technology in underwater search and recovery, and aquatic crime scene investigation. She has also worked over the past twenty

years, as a lead science diver and diving instructor.

Moniz is the founder and Director of Operations for Underwater Investigative Group, a company specializing

in underwater forensics, and marine technology. She has been involved in a number of expeditions around the globe including several as the first female ROV pilot for Dr. Robert Ballard, who found the Titanic and discovered the presence of hydrothermal vents. During those expeditions, they discovered countless ancient shipwrecks, some that predated the time of Christ, at depths exceeding 10,000 feet.

Moniz is Chairman of the Board for the New

England chapter of the Marine Technology Society as well as President of the Marine Oceanographic Technology Network. She is a published author and has acted as a subject matter expert for a number of television productions including a new series on Oxygen Channel. Her work as a dive leader, explorer, filmmaker, and journalist has taken her around the world.

Participate in an engaging evening as Rhonda Moniz shares information and photos from her underwater explorations. Her lecture is free and open to the public on **April 15** at 6:30 pm at Tabor Academy in the Lyndon South Auditorium at 242 Front Street, Marion.

Earth Day Trash Bash!

Streets will be cleaned and closets cleared as the Marion Cub Scouts Pack 32 and Marion Boy Scouts Troop 32 join forces with GiftstoGive, the Marion Recreation Department, and Marion Department of Public Works for a spring cleaning! Please join us when we rally at Washburn Park on Saturday, April 27 from 8:00 am - 11:00 am. (Rain date is April 28th at the same time) Participants will be given trash bags, recycling bags, gloves, and be provided with a yellow vest. Assignments will be handed out and participants will clear the trash and other debris left from winter.

In addition to cleaning up our streets, spring clean up includes cleaning out our closets! The GiftstoGive truck will be at Washburn Park from 8:30 am -12:00 pm collecting new and gently used children's items. (please see their website for details about items they accept www.giftstogive.org/)

After participants finish the town-wide clean, all community members are invited to celebrate the season by joining the Sippican Land Trust (SLT) back at Washburn Park from 10:00 am - 3:00 pm. Scouts will be joining the SLT at their Spring Festival and will host a recycling art project sponsored by the Marion Cultural Council, an information booth about scouting, an inflatable archery range for our younger citizens, alongside several other activities for community members of all ages including performances by the Toe Jam Puppet Band and the Sippican School Festival Band along with face painting, crafts, and walks lead by the SLT.

April Events at the MAC

The Marion Art Center (MAC) is pleased to present its newest exhibition, featuring paintings by Lori Bradley & John Irwin. The show runs April 12 - May 18, 2019, with an opening reception on Friday, **April 12**, 6:00 pm - 8:00 pm. Join us for light refreshments and hear the artists give a brief introduction to their works. In addition to the exhibition, each artist will host a one-day painting workshop in the MAC Studio in May - dates and times to be announced.

Instructor Patricia White will be teaching a 6-week course, Beginning and Continuing Watercolor Painting for Adults, on Thursdays from 10:00 am - 12:00 pm in the MAC Studio. Classes run April 18 - May 23.

What Can I Do For You?

**118 Laurel Street
Fairhaven, MA**

- Make your rings bigger or smaller
- Repair any breaks in your jewelry
- Replace skinny ring backs (shanks)
- Reset stones that have fallen out
- Tighten loose stones

- Set new stones if you lost them
- Repair worn or

broken prongs

- New settings for your stones
- Solder charms on a bracelet
- Replace old clasps
- Repair broken necklaces or bracelets
- Reinforce worn loops (bails) on pendants
- Restrung necklaces
- Repair pins
- And the list goes on....

Cost: \$140 for MAC members and \$155 for non-members (students must supply their own materials and paints, minimum of 5 students). Description: After a brief introduction each week, students will explore different techniques, while working on the landscape, still life, figurative, and/or imaginative painting, in a nurturing environment.

Beginning April 26, the Marion Art Center will host ArtWeek for the second year in a row, with 12 events focused on music, theater, history, visual arts and crafts, and arts experiences for children, adults, seniors, and families. In keeping with the ArtWeek mission to offer programs at low cost to the public, ArtWeek events range from free to just \$35. ArtWeek runs April 26 – May 5. Visit the MAC online at www.marionartcenter.org/artweek to learn more or to register. Space is limited – sign up today.

Register your child only if they meet the age requirements, please.

Mattapoisett Congregational Church Hosts Lenten Study

Mattapoisett Congregational Church, UCC, wraps up its Monday evening study series with a showing of the original 1973 film, Jesus Christ, Superstar, at 6:30 pm on April 15.

JUST LISTED!

MARION VILLAGE-This south facing home, located in Marion village on a 0.48 acre lot, was completely renovated and expanded between 2005/2007. Time and attention was given to marry the authentic Cape Cod style with a modern layout. The core of the house is the chef's kitchen which leads into the dining room, library, sun porch or mudroom. Off the mudroom there is an office and the first of 2 first floor bedrooms with a full bath. A wood burning fireplace in the living room feeds into the master suite with full bathroom, laundry room and a 2nd fireplace. The 2nd floor offers 2 more bedrooms with en suites and a fabulous family room with cathedral ceilings and custom built-ins. Outside you will find a lovely blue-stone patio, outdoor shower, fish pond and gazebo. This is a wonderful property within walking distance to village center and the waterfront. **Exclusively listed at \$1,395,000**

TODAY'S WORD

"I'm ready, dear—bring me the bills, the
checkbook and the _____."

Not only is the music terrific, the film is an excellent cinematic interpretation of scripture, showing the emotional and theological nuances of the final earthly days of Jesus.

Casual dinner is provided. For planning purposes only, please call the church office at 508-758-2671. The film is part of the church's Lenten Series, "Sacrament, Social Justice, Scripture, & the Silver Screen." All events are held in the church's basement media room at 6:30 pm. Please park in the church's Barstow Street lot and enter through the Barstow St. door.

MNHM Summer 2019 Coastal Explorations Program

The Marion Natural History Museum's Summer Program is an educational science-based program with an emphasis on our coastal environment and is one of the most well known and well regarded in the Southcoast area. Children from across the country visit us each summer and participate in the program.

During Summer 2019 the Marion Natural History Museum is offering a half-day summer program to explore some of Marion's unique natural areas. We will be exploring our rocky inter-tidal shoreline, salt marshes, estuaries as well as freshwater riverbanks, forest, swamps, ponds, and bogs. Daily we will take trips to look for the birds, amphibians, fish, and invertebrates that make these areas so special.

Each morning will involve hands-on exploration, experiments, crafts, and journaling while being outdoors. Your child will enjoy being a Coastal Explorer with the Marion Natural History Museum! Space is limited so make sure to register early for this summer program. Perfect for girls and boys entering grades 3 - 6.

Summer Schedule: 2 Weeks Available:

Coastal Explorations Week 1: July 8 - July 12, 2019, 9:00 am - noon.

Coastal Explorations Week 2: July 15 - July 19, 2019, 9:00 am - noon.

Cost: \$125/participant/week. Each week will involve different activities so sign up for one week or both! To register please go to: www.marionmuseum.org/summerprograms.php.

Rochester Women's Club Earth Day Clean-up

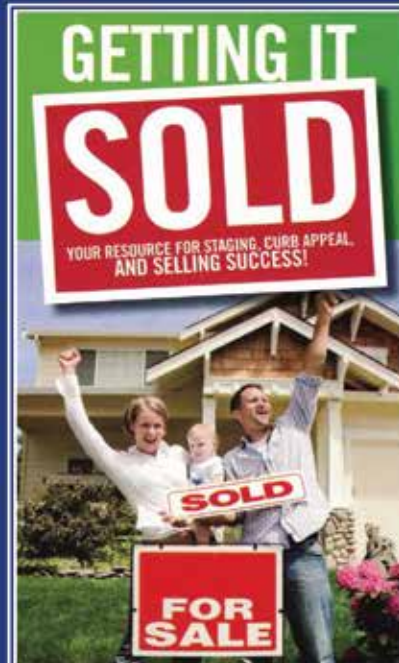

The Rochester Women's Club will be sponsoring the Annual Town-wide clean up again this year. This year we will be located at the First Congregational Church of Rochester (FCCR). The Rochester Women's Club will have a booth at the FCCR's Easter Carnival. The Easter Carnival at the Congregational Church is taking the place of the Plumb Corner Easter Eggstravaganza and will be held on Saturday, **April 20** from 12:00 pm – 2:00 pm.

Come and find us at our booth where we will supply garbage bags for our clean up participants and bubbles for the kids. You can again, clean up your street or any other street you might want to do. Leave your bags by the road and the Rochester Highway Department

will pick them up as soon as possible. Please join us in an effort to clean up our litter. Rochester is our beautiful town. Please participate in our effort and also bring the kids to the Easter Carnival. Many fun activities, popcorn, hot dogs, cotton candy, ice cream, prizes, and the Eater Bunny. The Rochester Police Department Fill-a-cruiser Food Drive for Damien's Pantry will also be there.

Marion Natural History Museum April Vacation Week

The Marion Natural History Museum will be open Wednesday from 12:00 pm – 4:00 pm during April vacation. On Wednesday, **April 17**, come to the museum for play, puzzles, coloring, and visiting our exhibits. We

Organ Recital by Daniel Ficarri

The organ recital series at the First Congregational Church of Marion will continue on Sunday, **May 12** at 4:00 pm with a program of music chosen by soloist Daniel Ficarri to show off the church's historic 1883 George S. Hutchings mechanical-action organ.

A native of Pittsburgh, Pennsylvania, Daniel Ficarri currently works as Organ Scholar at the Church of St. Paul the Apostle in Manhattan while pursuing a Master of Music degree at The Juilliard School. In 2015, he founded "Sacred Sounds at St. Paul's," a concert series promoting organ music in the Lincoln Center neighborhood and

A Powerful Prayer to the Holy Spirit

Holy Spirit, you who solve all problems, who light all roads so I can attain my goals, you who give me the divine gifts to forgive and forget all evil against me, in this short prayer to thank you for all things and confirm once again that I never want to be separated from you, even in spite of all material illusions. I wish to be with you in eternal glory. Thank you for your mercy towards me and mine. Say this prayer for 3 consecutive days. The favor requested will be granted. This prayer must be published immediately after the favor is granted. Don't mention the favor. Only your initials shall appear at the bottom. P.L.

A PRAYER TO THE BLESSED VIRGIN

O Most Beautiful Flower of Mt. Carmel, Fruitful Vine, Splendor of Heaven, Blessed Mother of the Son of God, Immaculate Virgin, assist me in my necessity. O Star of the Sea, help me and show me herein you are my Mother. O Holy Mary, Mother of God, Queen of Heaven and Earth, I humbly beseech you from the bottom of my heart to succor me in my necessity (make request). There are none that can withstand your power. O Mary conceived without sin pray for us who have recourse to thee (3 times). O Holy Mary, I place this cause in your hands (3 times). Amen. Say this prayer for three consecutive days and then you must publish; it will be granted to you. P.L.

SHERMAN'S LAGOON
by J.P. Toomey

providing performance opportunities to young artists. Known as both a recitalist and composer, Ficarri has performed in Carnegie Hall and Alice Tully Hall with the Juilliard Orchestra, and he has given solo performances at the Cathedral Church of St. John the Divine and St. Thomas Episcopal Church in New York City. Last year, his "Exultation" was commissioned by Choir & Organ magazine for the dedication of the pipe organ at the St. Thomas church.

In addition to two towering works of J. S. Bach—Prelude and Fugue in A Minor, BWV 543, and Prelude and Fugue in D Minor, BWV 539—Ficarri's program will include César Franck's Prélude, Fugue, and Variation, Op. 18, and Mozart's Andante in F Major, K. 616, as well as Prelude on an Evening Melody by Alexander Pattavina and Ronde Française, Op. 37, by Léon Boëllmann, an Alsatian organist active in Paris during the time when Hutchings organs were among the most distinguished in America.

The First Congregational Church in Marion was built in 1841. In early 1884, a new organ by noted builder George S. Hutchings was installed with the help of a gift from local philanthropist Elizabeth Taber. Since 2015, the church has presented recitals on this organ by outstanding organists, including Christa Rakich, Stephen Young, Carson Cooman, Jeremy Bruns, Robert Jan August, and Frederick Jodry. The Rev. Mary Ann Purtill is the pastor of the church and Beverly Peduzzi is organist and choirmaster.

Admission to the recital is \$12 and may be purchased at the door or online with Pay Pal or credit or debit card at www.marionfirstchurch.org/musical-events. For more information, call 508-748-1053. The First Congregational Church, located at 28 Main St. at the corner of Front and Main in Marion, is handicapped accessible.

Birding: There's An App for That

The next Nasketucket Bird Club Meeting date has changed to Thursday, **April 18**, 7:00 pm. Learn how to improve your birdwatching with the help of your smartphone! Bird club president, Justin Barrett, will share with the group several bird-smart apps and demonstrate how to use them. Utilizing smartphone apps can help identification, assist in learning bird songs, and can be

essential when finding where the latest rare birds are located in the area.

The meetings, open to the public and handicapped accessible, are held at the Mattapoisett Free Public Library, located at the south door entrance at 7 Barstow Street in Mattapoisett.

Check our website at: massbird.org/Nasketucket/ or email our President Justin Barrett at jmbarrett426@gmail.com

SLT Annual Easter Egg Hunt at Peirson Woods

Please join the Sippican Lands Trust (SLT) for its Annual Easter Egg Hunt on Saturday, **April 13** at 10:00 am at Peirson Woods in Marion. This event is free and open to the public. Please bring your own basket or container for collecting goodies and please arrive promptly so you don't miss the start.

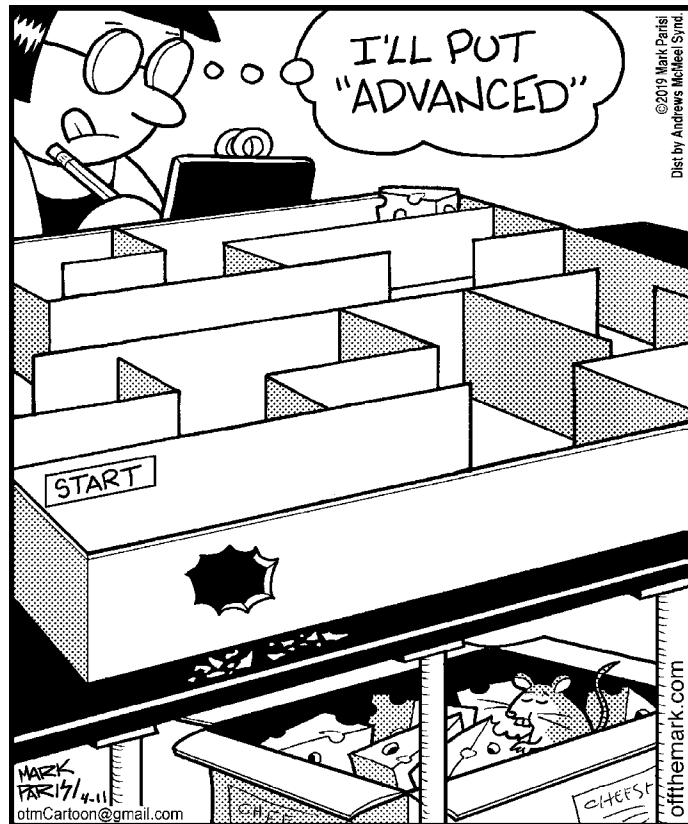

Peirson Woods is a 30-acre parcel of land with woodlands and wetlands including a vibrant salt marsh. The property is home to numerous species of birds including herons, winter buffleheads, and osprey. On a clear winter day, Cape Cod, Martha's Vineyard, and the northern Elizabeth Islands can be seen.

Peirson Woods is located off of Point Road in Marion just past the Marion Golf Course. Street side parking is available and please be careful when parking.

The rain date for this event is Sunday, April 14 at 1:00 pm. For directions or further information send an email to info@sippicanlandstrust.org or call Sippican Lands Trust at 508-748-3080.

I Found the Aardvark!

Each week, hidden somewhere in the pages of *The Wanderer* is a tiny drawing of an aardvark. The little guy you are looking for looks exactly like the one pictured above (but don't put down this page as your answer, there's another one hidden somewhere in this issue).

Once you find the aardvark you can submit your answer online and if you are right you will get Aardvark Points! You can then use these points to get cool Aardvark Prizes!

To enter visit: www.wanderer.com and Click on *I Found the Aardvark*

In the April 4, 2019 edition the Aardvark was on page 33!
